

Data field	Description
Financial Goals related	
past_completed_cnt	number of completed goals with due date already pass today
past_completed_domin_cate	dominant category completed goals with due date already pass today
past_completed_domin_amount	sum of goal target amount of past_completed_domin_cate
part_completed_consumer_cnt	number of completed consumer goals with due date already pass today
past_completed_saving_cnt	number of completed saving goals with due date already pass today
past_completed_consumer_sum	Sum of goal target amount of completed consumer goals with due date already pass today
part_completed_saving_sum	Sum of goal target amount of completed saving goals with due date already pass today
past_failed_cnt	number of failed goals with due date already pass today
past_failed_domin_cate	dominant category failed goals with due date already pass today
past_failed_domin_amount	sum of goal target amount of past_failed_domin_cate
past_failed_consumer_cnt	number of failed consumer goals with due date already pass today
past_failed_consumer_sum	Sum of goal target amount of failed consumer goals with due date already pass today
past_failed_saving_cnt	number of failed saving goals with due date already pass today

Data field	Description
past_failed_saving_sum	Sum of goal target amount of failed saving goals with due date already pass today
future_in_progress_cnt	number of in progress goals with due date in the future
future_in_progress_domin_cate	dominant category in progress goals with due date in the future
future_in_progress_domin_amount	sum of goal target amount of future_in_progress_domin_cate
future_in_progress_consumer_cnt	number of in progress consumer goals with due date in the future
future_in_progress_consumer_sum	Sum of goal target amount of in progress consumer goals with due date in the future
future_in_progress_saving_cnt	number of in progress saving goals with due date in the future
future_in_progress_saving_sum	Sum of goal target amount of in progress saving goals with due date in the future
future_completed_cnt	number of completed goals with due date in the future
future_completed_domin_cate	dominant category completed goals with due date in the future
future_completed_domin_amount	sum of goal target amount of future_completed_domin_cate
future_completed_consumer_cnt	number of completed consumer goals with due date in the future
future_completed_consumer_sum	Sum of goal target amount of completed consumer goals with due date in the future
future_completed_saving_cnt	number of completed saving goals with due date in the future

Data field	Description
future_completed_saving_sum	Sum of goal target amount of completed saving goals with due date in the future
Expenses	
net_outflow	Sum of expenditures
top1_spending	Percentage in the category the users spend most on
top2_spending	Percentage in the category the users spend second most on
top3_spending	Percentage in the category the users spend third most on
dining_&_beverage_weekly_num	Number of transactions spent on Dining & Beverage weekly
dining_&_beverage_weekly_amount	Amount of transactions spent on Dining & Beverage weekly
dining_&_beverage_monthly_num	Number of transactions spent on Dining & Beverage monthly
dining_&_beverage_monthly_amount	Amount of transactions spent on Dining & Beverage monthly
financials_weekly_num	Number of transactions spent on Financials weekly
financials_monthly_amount	Amount of transactions spent on Financials monthly
financials_outflow	Sum of transactions spent on Financials overall (past 1 year)
healthcare_weekly_num	Amount of transactions spent on Healthcare weekly
healthcare_weekly_amount	Number of transactions spent on Healthcare monthly

Data field	Description
healthcare_monthly_num	Amount of transactions spent on Healthcare monthly
healthcare_monthly_amount	Number of transactions spent on Healthcare weekly
healthcare_outflow	Sum of transactions spent on Healthcare overall (past 1 year)
home_weekly_num	Amount of transactions spent on Home weekly
home_weekly_amount	Number of transactions spent on Home monthly
home_monthly_num	Amount of transactions spent on Home monthly
home_monthly_amount	Number of transactions spent on Home weekly
home_outflow	Sum of transactions spent on Home overall (past 1 year)
leisure_weekly_num	Amount of transactions spent on Leisure weekly
leisure_weekly_amount	Number of transactions spent on Leisure monthly
leisure_monthly_num	Amount of transactions spent on Leisure monthly
leisure_monthly_amount	Number of transactions spent on Leisure weekly
leisure_outflow	Sum of transactions spent on Leisure overall (past 1 year)
others_weekly_num	Amount of transactions spent on Others weekly
others_weekly_amount	Number of transactions spent on Others monthly
others_monthly_num	Amount of transactions spent on Others monthly
others_monthly_amount	Number of transactions spent on Others weekly
others_outflow	Sum of transactions spent on Others overall (past 1 year)

Data field	Description
shopping_weekly_num	Amount of transactions spent on Shopping weekly
shopping_weekly_amount	Number of transactions spent on Shopping monthly
shopping_monthly_num	Amount of transactions spent on Shopping monthly
shopping_monthly_amount	Number of transactions spent on Shopping weekly
shopping_outflow	Sum of transactions spent on Shopping overall (past 1 year)
transportation_weekly_num	Amount of transactions spent on Transportation weekly
transportation_ weekly _amount	Number of transactions spent on Transportation monthly
transportation_monthly_num	Amount of transactions spent on Transportation monthly
transportation_monthly_amount	Number of transactions spent on Transportation weekly
transportation_outflow	Sum of transactions spent on Transportation overall (past 1 year)
net_outflow_no	Net expenditures without anomaly
top1_spending_no	Percentage in top expenditure category among all expenditures without anomaly
top2_spending_no	Percentage in second top expenditure category among all expenditures without anomaly
top3_spending_no	Percentage in third top expenditure category among all expenditures without anomaly
dining_&_beverage_weekly_ amount _no	Amount of transactions spent on Dining & Beverage weekly without anomaly

Data field	Description
dining_&_beverage_weekly_num_no	Number of transactions spent on Dining & Beverage monthly without anomaly
dining_&_beverage_monthly_ amount _no	Amount of transactions spent on Dining & Beverage monthly without anomaly
dining_&_beverage_monthly_ num _no	Number of transactions spent on Dining & Beverage weekly without anomaly
dining_&_beverage_outflow_no	Sum of transactions spent on Dining & Beverage overall (past 1 year) without anomaly
financials_weekly_amount_no	Amount of transactions spent on Financials weekly without anomaly
financials_weekly_num_no	Number of transactions spent on Financials monthly without anomaly
financials_ monthly _amount_no	Amount of transactions spent on Financials monthly without anomaly
financials_monthly_num_no	Number of transactions spent on Financials weekly without anomaly
financials_outflow_no	Sum of transactions spent on Financials overall (past 1 year) without anomaly
healthcare_weekly_num_no	Number of transactions spent on Healthcare weekly without anomaly
healthcare_weekly_amount_no	Amount of transactions spent on Healthcare monthly without anomaly
healthcare_monthly_num_no	Number of transactions spent on Healthcare monthly without anomaly
healthcare_monthly_amount_no	Amount of transactions spent on Healthcare weekly without anomaly
healthcare_outflow_no	Sum of transactions spent on Healthcare overall (past 1 year) without anomaly

Data field	Description
home_weekly_num_no	Number of transactions spent on Home weekly without anomaly
home_weekly_amount_no	Amount of transactions spent on Home monthly without anomaly
home_monthly_num_no	Number of transactions spent on Home monthly without anomaly
home_monthly_amount_no	Amount of transactions spent on Home weekly without anomaly
home_outflow_no	Sum of transactions spent on Home overall (past 1 year) without anomaly
leisure_weekly_num_no	Number of transactions spent on Leisure weekly without anomaly
leisure_weekly_amount_no	Amount of transactions spent on Leisure monthly without anomaly
leisure_monthly_num_no	Number of transactions spent on Leisure monthly without anomaly
leisure_monthly_amount_no	Amount of transactions spent on Leisure weekly without anomaly
leisure_outflow_no	Sum of transactions spent on Leisure overall (past 1 year) without anomaly
others_weekly_num_no	Number of transactions spent on Others weekly without anomaly
others_weekly_amount_no	Amount of transactions spent on Others monthly without anomaly
others_monthly_num_no	Number of transactions spent on Others monthly without anomaly
others_monthly_amount_no	Amount of transactions spent on Others weekly without anomaly

Data field	Description
others_outflow_no	Sum of transactions spent on Others overall (past 1 year) without anomaly
shopping_weekly_num_no	Number of transactions spent on Shopping weekly without anomaly
shopping_weekly_amount_no	Amount of transactions spent on Shopping monthly without anomaly
shopping_monthly_num_no	Number of transactions spent on Shopping monthly without anomaly
shopping_monthly_amount_no	Amount of transactions spent on Shopping weekly without anomaly
shopping_outflow_no	Sum of transactions spent on Shopping overall (past 1 year) without anomaly
transportation_weekly_num_no	Number of transactions spent on Transportation weekly without anomaly
transportation_weekly_amount_no	Amount of transactions spent on Transportation monthly without anomaly
transportation_monthly_num_no	Number of transactions spent on Transportation monthly without anomaly
transportation_monthly_amount_no	Amount of transactions spent on Transportation weekly without anomaly
transportation_outflow_no	Sum of transactions spent on Transportation overall (past 1 year) without anomaly
Income	
net_inflow	Net income
Financials Account	
investment_balances	Net balance of investment accounts

Data field	Description
investment_cnt	Number of investment accounts
others_balances	Net balance of other kinds of financial accounts
others_cnt	Number of other kinds of financials accounts
insurance_balances	Net balance of insurance accounts
insurance_cnt	Number of insurance accounts
credit_card_balances	Net balance of credit card accounts
credit_card_cnt	Number of credit card accounts
cash_account_balances	Net balance of cash accounts
cash_account_cnt	Number of cash accounts
account_balances	Net balance of financials accounts
account_cnt	Number of financials accounts
